Points to Note

Update:

- 1) Put pictures to back up market research, market research is required but hidden
 - 2) Complexity take as whole product, add on from mid terms and tie things together
 - 3) Why MongoDB not firebase
 - 4) If it slipped our mind about the migration, so we thank Chris for reminder and we have already implemented it
 - 5) What if they take more time to record?
 - 6) Show how data is saved onto MongoDB
 - 7) Involve prof to make records
